How we work

The firm follows Grant Thornton's global strategy of providing partner-led services. This means that a client service partner acts as the main coordinator to oversee the performance of each assignment. Each client service partner is also supported by specialized service division teams working hand-in-hand with each other. This ensures that our clients can easily tap into our in-depth knowledge pool and can also turn to several people when needing assistance on a job performed by the firm.

Why Grant Thornton

We serve dynamic, growing companies that are on the move because we too are a dynamic, growing firm on the move. Having started out as a small practice in Taipei in 1971, we joined Grant Thornton International as a member firm in 1993. Our branch offices in Hsinchu, Taichung, and Kaohsiung, provide geographic coverage that can meet the needs of most companies doing business in Taiwan. We understand the needs and aspirations of growing companies on a personal level, and we have over 50 years of experience helping companies achieve these aspirations in Taiwan.

In addition, experience shows that you will have a better client experience with Grant Thornton than with our competitors. We measure client satisfaction on an annual

basis as part of our ISO certification program. Grant Thornton Taiwan clients continuously rank as highly satisfied. This is partly thanks to our business structure, which is designed to react quickly to our client's needs. At Grant Thornton Taiwan, we are empowered to make decisions locally, rather than having to move issues up through a complex chain of command. This allows us to consistently provide clients with solutions tailor-made to their circumstances and time restrictions.

Our clients

Our clients range from the world's largest publicly listed companies to small and medium-sized privately-owned businesses. We serve clients from most major business sectors, roughly half of which are local Taiwanese companies, while the other half are multinational corporations, including Fortune 500 companies. Unlike our larger competitors who work almost exclusively with large companies and our smaller competitors who rarely work with big international organizations, the breadth of our client base has allowed us to gain valuable insight into the complexity of how different businesses operate and the variety of issues and risks they face.

Awards we've won

In Taiwan, we have achieved ISO certification every year since 2010, including ISO 27001 certification since 2016, underscoring our long-standing commitment to information security and operational excellence. In both 2019 and 2020, we were honored with the Community Service Award by Grant Thornton International in recognition of our dedication to corporate social responsibility.

In 2024, we were named Accounting Firm of the Year – Taiwan by Global Business Magazine. In addition, we received the Accounting Services Expert of the Year award from Corporate INTL in both 2024 and 2025, reflecting our continued professional excellence and industry leadership. Most recently, in 2025, we were recognized with the Best Companies to Work for in Asia award, further affirming our commitment to talent development and an inclusive workplace culture.

Globally, Grant Thornton was awarded the Innovation Management Award by IdeaScale in 2021 and was recognized by Universum as one of the Top 50 Global Employers for Diversity and Inclusion.

What we do

Grant Thornton Taiwan is structured to provide services to clients via different service divisions. Our service divisions include:

- Assurance
- Bookkeeping
- Corporate secretarial service
- Legal support service
- Payroll
- Executive search

Outsourcing

Grant Thornton Taiwan recognizes that international clients with a presence in Taiwan may require numerous types of outsourcing services. For this purpose, we have invested in resources to develop our own software tools to strengthen our services for clients. Our outsourcing services include payroll, bookkeeping, cash disbursement services, work permit applications, and legal support services.

Corporate Secretarial

Grant Thornton Taiwan has the expertise to handle inbound investment applications, including company formation, and to set up branch offices, representative offices, and liaison offices. The firm also handles updating of statutory records for clients, as well as applying for special permits and trademark registrations.

What we have to say

"Our competitive advantages include our use of software technology, experience in working with international clients, language skills, and commitment to value and excellence.

Working with Grant Thornton Taiwan, you will feel safe in the knowledge that help and advice on the issues that inevitably arise in a complex regulatory environment are only a phone call away."
